### 30s bc 30 bc pdf

The 1st century BC, also known as the last century BC, started on the first day of 100 BC and ended on the last day of 1 BC. The AD/BC notation does not use a year zero; however, astronomical year numbering does use a zero, as well as a minus sign, so "2 BC" is equal to "year -1". This is the 100th century in the Holocene calendar; it spans the years 9,901 to 10,000.

### 1st century BC - Wikipedia

Year 49 BC was a year of the pre-Julian Roman calendar. At the time, it was known as the Year of the Consulship of Lentulus and Marcellus (or, less frequently, year 705 Ab urbe condita). The denomination 49 BC for this year has been used since the early medieval period, when the Anno Domini calendar era became the prevalent method in Europe for naming years.
