Concision (alternatively brevity, laconicism, terseness, or conciseness) is the cutting out of unnecessary words while conveying an idea.It aims to enhance communication by eliminating redundancy without omitting important information. Concision has been described as one of the elementary principles of writing. The related concept of succinctness is the opposite of verbosity

The History Manifesto is a call to arms to historians and everyone interested in the role of history in contemporary society. Leading historians David Armitage and Jo Guldi identify a recent shift back to longer-term narratives, following many decades of increasing specialization, which they argue is vital for the future of historical scholarship and how it is communicated.
