ACS Central Science Virtual Issues feature current research articles that are hand picked by ACS Editors. Virtual Issues are in areas of particular interest to the scientific community. New Issue Deep Chemistry

### **ACS Central Science (ACS Publications)**

Chemistry is the scientific discipline involved with elements and compounds composed of atoms, molecules and ions: their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances.. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes called the central science because it ...

The Bend+Libration Combination Band Is an Intrinsic, Collective, and Strongly Solute-Dependent Reporter on the Hydrogen Bonding Network of Liquid Water

### **American Chemical Society - ACS Publications Home Page**

In chemistry, a solution is a special type of homogeneous mixture composed of two or more substances. The term aqueous solution is when one of the solvents is water. In such a mixture, a solute is a substance dissolved in another substance, known as a solvent. The mixing process of a solution happens at a scale where the effects of chemical polarity are involved, resulting in interactions that ...

To gain an understanding of the potential of Raman spectroscopy to discriminate between sugars, coconut water was replaced with individual solutions of fructose, glucose and sucrose in various levels in 5% increments (from 0%, 5%, 10%, 15% etc. up to 100%), while keeping the total sugar concentration at a constant 63 mg·mL<sup>-1</sup>. This process would allow for adulterated products to remain ...

Honesty On each exam day I am going to give you two examinations, one in chemistry and one in honesty. I hope you will pass them both, but if you must fail one, let it be chemistry, for there are many good people in this world today who cannot pass an examination in chemistry, but there are no good people in the world who cannot pass an examination in honesty.
