CONTRACTORS BUSINESS & FINANCIAL MANAGEMENT EXAMINATION

Financial planning is the task of determining how a business will afford to achieve its strategic goals and objectives. Usually, a company creates a Financial Plan immediately after the vision and objectives have been set. The Financial Plan describes each of the activities, resources, equipment and materials that are needed to achieve these objectives, as well as the timeframes involved.

Financial planning (business) - Wikipedia

JOB PROSPECTS. An understanding of finance is a must for managers of all companies whether local, national or international. Careers in finance are no longer limited to the traditional areas such as banking, and include a range of opportunities like credit analysis, risk management, investment analysis, fund management and corporate financial management.

- [Voiceover] Hi, I'm Kay Stice. Welcome to Accounting Fundamentals. I'm going to start by giving you an overview of the basics of accounting. I will look at the four basic types of accounting: bookkeeping, financial accounting, managerial accounting, and income tax accounting. Next, we're going to go into more depth about financial accounting. We'll explore the financial statements.
