Google and Charter say a plan by satellite operators to sell C-band spectrum for 5G would lead to lawsuits and delay the availability of the spectrum.

Google, Charter argue CBA sale would inevitably lead to

An ontological argument is a philosophical argument for the existence of God that uses ontology. Many arguments fall under the category of the ontological, and they tend to involve arguments about the state of being or existing. More specifically, ontological arguments tend to start with a priori theory about the organization of the universe. If that organizational structure is true, the ...
