Academic writing, or scholarly writing is a prose style. Normally delivered in an impersonal and dispassionate tone, it is targeted at a critical and informed audience, based on closely investigated knowledge; and intended to reinforce or challenge concepts or arguments. It usually circulates within the academic world ('the academy').

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

An essay is, generally, a piece of writing that gives the author's own argument — but the definition is vague, overlapping with those of a paper, an article, a pamphlet, and a short story. Essays have traditionally been sub-classified as formal and informal. Formal essays are characterized by "serious purpose, dignity, logical organization, length," whereas the informal essay is
