A textbook is a comprehensive compilation of content in a branch of study. Textbooks are produced to meet the needs of educators, usually at educational institutions. Schoolbooks are textbooks and other books used in schools. Today, many textbooks are published in both print format and digital formats.

Japanese history textbook controversies involve controversial content in one of the government-approved history textbooks used in the secondary education (junior high schools and senior high schools) of Japan. The controversies primarily concern the Japanese nationalist efforts to whitewash the actions of the Empire of Japan during World War II. Another serious issue is the constitutionality ...

RECOMMENDED BOOKS FOR GOVERNMENT CONTRACTING PROFESSIONALS

This article evaluates the strengths and limitations of field experimentation. It first defines field experimentation and describes the many forms that field experiments take. It also interprets the growth and development of field experimentation. It then discusses why experiments are valuable for causal inference. The assumptions of experimental and nonexperimental inference are distinguished ...

Field Experiments and Natural Experiments - Oxford Handbooks

With the war coming to an end, the question of how to reunite the former Confederate states with the Union was a divisive one. Lincoln's Presidential Reconstruction plans were seen by many, including Radical Republicans in Congress, to be too tolerant towards what they considered to be traitors.
