1 Statistical Computations on Grassmann and Stiefel manifolds for Image and Video-Based Recognition Pavan Turaga, Student Member, IEEE, Ashok Veeraraghavan, Member, IEEE, Anuj Srivastava, Senior Member, IEEE, and Rama Chellappa, Fellow, IEEE Abstract In this paper, we examine image and video based recognition applications where the underlying models have a special structure – the linear ...

Below is a summary of some of the important algorithms from the history of manifold learning and nonlinear dimensionality reduction (NLDR). Many of these non-linear dimensionality reduction methods are related to the linear methods listed below. Non-linear methods can be broadly classified into two groups: those that provide a mapping (either from the high-dimensional space to the low ...
