The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey is a book by University of Colorado philosophy professor Michael Huemer released in January 2013. The first part of the book argues in detail for philosophical anarchism and refutes the legitimacy of political authority, while the second addresses political anarchism and the practical viability of anarcho-capitalism.

### **The Problem of Political Authority - Wikipedia**

The author discusses the problem of political authority in a 'common sens' setting and how and why anarcho-capitalism might be a better alternative. If, like me, you think anarcho-capitalism sounds ridiculous, this is the book for you.

1 The Problem of Political Authority 3 1.1 A political parable 3 A private party who performed acts analogous to those of the state would be strongly condemned. The state is not condemned because it is thought to possess 'authority'. 1.2 The concept of authority: a first pass 3 ...

### **The Problem of Political Authority - Springer**

The state is often ascribed a special sort of authority, one that obliges citizens to obey its commands and entitles the state to enforce those commands through threats of violence. This book argues that this notion is a moral illusion: no one has ever possessed that sort of authority. Keywords. Bibliographic information.
